ABOUT THE COLLEGE

RBVRRIT was established in 2002 under the aegis of RBVRR Educational Society, with a vision to impart quality education and aims to create knowledge grids in the field of Technology & Management Education. RBVRRIT has shown remarkable progress over the years. Its alumni have distinguished themselves and are found working both in India and abroad. With a sprawling campus, RBVRRIT provides good academic ambiance. The individual care and attention bestowed by the faculty enables students to dedicate themselves to excel in their academics.

Care is also taken to conduct personality development programs on a regular basis which help in honing up the communication skills and shaping well-rounded personality. A confident and fully equipped student of RBVRRIT going out of the campus will be able to accept any challenging positions.

The institute was successful in organizing National Seminars on “FDI – A key driver of Economy: Opportunities and Challenges” and “E-Commerce - Impact on Economic Development”. The successful conduct of the seminars has inspired the faculty to organize the seminar on Resurgent India. The institute is confident that the present seminar will also prove a success.

ABOUT THE SEMINAR

India is going through a phase of rapid economic development driven by young, diverse and inclusive entrepreneurial landscape. The slew of measures announced by government-Startup India, Skill India, Make In India, entrepreneurial incubation, promotion of innovation, infrastructure development aim at transforming economy. Government launched IAF (India Aspiration under small industries fund) with capital two thousand crores to boost startup eco-system. The ease of business and accent on good governance, minimal invasive policies, access to funding are expected to catapult India into one of the rapidly growing large economies in the world. As it is, Indian economy is clocking 7.3% annual growth rate and has become an attractive destination for investors.

The seminar topic is not only very robust but also is of great topical interest and value. It will offer an opportunity for discussion and exchange of ideas. It provides a platform facilitating interaction among Academics, researchers, corporates and students of business and IT domains to discuss challenges and opportunities in building Resurgent India.

CALL FOR PAPERS

Academicians, research Scholars, students and professionals are invited to submit original papers or case studies on the areas of interest mentioned below. The contributor can contribute a paper on any topic falling under the broad scope of the main theme of the seminar. Papers will be reviewed and the selected papers will be called for presentations and will be published in an edited volume with **ISBN** number.
